

Weston United Community Renewal Housing Program

CASA RENACER

Casa Renacer was the first permanent housing facility established by Weston United in 2003.

The facility, located at 158 East 122nd St in Harlem, houses 60 mentally ill, formerly homeless men and women

Casa Renacer provides its clients with a safe environment to live in and empowers them to participate and function in their community.

The facility is fully staffed and well maintained. Tenants live in well-kept, fully furnished studio apartments and are only required to pay one-third of their income in rent.

Casa Renacer is fully staffed with Social Workers, Case Workers, Safety and Support Aides, a Psychiatrist, a Nurse and a Residence Manager (pictured here).
